

DESIGNERS PALETTE

The organic contours of the American landscape have inspired the Signature Palette Collection, which is customized for those who select this option. It presents the perfect blend of nature's foundational stability with sleek, powerful progress.

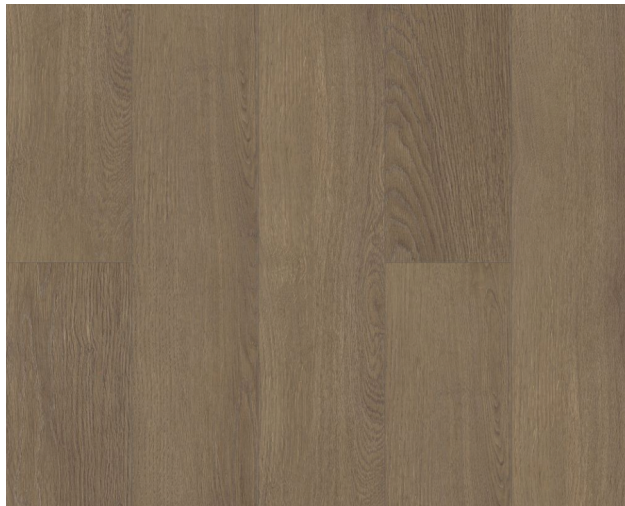

Earthy caramel floors anchor the palette, with dramatic black and luminous cane wood providing accents. The cool lines of porcelain and quartz are layered in: smoky green and marbled black offer structure and comfort – and provide powerful juxtaposition for the creamy quartz and porcelain counterparts.
